# Manual Testing

## Document Converter Page Testing (NIRUTHTHIKA E IT22322326)

Image to PDF Component manual Testing

| ID | Scenario | Steps | Expected Result | Actual Result | Status |
|---|---|---|---|---|---|
| TC_001 | Upload single supported image | Click Select Images → Choose JPG/PNG/WEBP | Image uploaded successfully and pdf created successfully | Image uploaded successfully and pdf created successfully | Pass |
| TC_002 | Upload multiple images | Select multiple images and upload | All images uploaded and pdf created | All images uploaded and pdf created | Pass |
| TC_003 | Drag & drop image | Drag image into drop area | Image uploaded | Image Uploaded | Pass |
| TC_004 | Unsupported file type | Upload PDF/DOCX file | Error message displayed | Allow to drag and drop but not allow to select image and doesn't show the error message | Fail |
| TC_005 | File size >20MB | Upload large file >20MB | Validation error shown | Allow to upload the image and create the pdf | Fail |
| TC_006 | Remove uploaded image | Remove image from list | Show the dialog box and Image removed | Only Image removed | Fail |
| TC_007 | Duplicate images | Upload same image twice | Warning displayed | Allowed and pdf created | Fail |
| TC_008 | No image uploaded | Click Create PDF without upload | Button disabled | Button enable when click the button doesn't create the pdf | Fail |
| TC_009 | Single image preview | Upload one image | Image preview displayed | Image preview displayed | Pass |
| TC_010 | Multiple images preview | Upload 3+ images | All images previewed | All images previewed | Pass |
| TC_011 | Remove image updates preview | Remove image | Preview updated | Preview updated | Pass |
| TC_012 | Reorder images updates preview | Drag images to reorder | Preview order changes | Preview order not changed | Fail |

| | | | | | |
|---|---|---|---|---|---|
| TC_013 | Select A4 | Choose A4 | PDF generated in A4 | PDF generated in A4 | Pass |
| TC_014 | Select Letter | Choose Letter | PDF generated in Letter | PDF generated in Letter | Pass |
| TC_015 | Portrait | Select Portrait | PDF in portrait orientation | PDF in portrait orientation | Pass |
| TC_016 | Landscape | Select Landscape | PDF in landscape orientation | PDF in landscape orientation | Pass |
| TC_017 | Vertical arrange | Select Vertical | Images arranged vertically | Images arranged vertically | Pass |
| TC_018 | Horizontal arrange | Select Horizontal | Images arranged horizontally | Images arranged horizontally | Pass |
| TC_019 | Pages One | Select One | All images on one page | All images on one page | Pass |
| TC_020 | Pages Multiple | Select Multiple per page 1 | Each image on separate page | Each image on separate page | Pass |
| TC_021 | Pages Multiple | Select Multiple per page 3 | In one page three images | In one page three images | Pass |
| TC_022 | A4 + Portrait + Vertical + One | Upload images, select A4, Portrait, Vertical, One, click Create PDF | PDF generated with A4, Portrait, Vertical, One configuration | PDF generated with A4, Portrait, Vertical, One configuration | Pass |
| TC_023 | A4 + Portrait + Vertical + Multiple | Upload images, select A4, Portrait, Vertical, Multiple, click Create PDF | PDF generated with A4, Portrait, Vertical, Multiple configuration | PDF generated with A4, Portrait, Vertical, Multiple configuration | Pass |
| TC_024 | A4 + Portrait + Horizontal + One | Upload images, select A4, Portrait, Horizontal, One, click Create PDF | PDF generated with A4, Portrait, Horizontal, One configuration | PDF generated with A4, Portrait, Horizontal, One configuration | Pass |
| TC_025 | A4 + Portrait + Horizontal + Multiple | Upload images, select A4, Portrait, Horizontal, Multiple, click Create PDF | PDF generated with A4, Portrait, Horizontal, | PDF generated with A4, Portrait, Horizontal, | Pass |

| | | | | | |
|---|---|---|---|---|---|
| | | | Multiple configuration | Multiple configuration | |
| TC_026 | A4 + Landscape + Vertical + One | Upload images, select A4, Landscape, Vertical, One, click Create PDF | PDF generated with A4, Landscape, Vertical, One configuration | PDF generated with A4, Landscape, Vertical, One configuration | Pass |
| TC_027 | A4 + Landscape + Vertical + Multiple | Upload images, select A4, Landscape, Vertical, Multiple, click Create PDF | PDF generated with A4, Landscape, Vertical, Multiple configuration | PDF generated with A4, Landscape, Vertical, Multiple configuration | Pass |
| TC_028 | A4 + Landscape + Horizontal + One | Upload images, select A4, Landscape, Horizontal, One, click Create PDF | PDF generated with A4, Landscape, Horizontal, One configuration | PDF generated with A4, Landscape, Horizontal, One configuration | Pass |
| TC_029 | A4 + Landscape + Horizontal + Multiple | Upload images, select A4, Landscape, Horizontal, Multiple, click Create PDF | PDF generated with A4, Landscape, Horizontal, Multiple configuration | PDF generated with A4, Landscape, Horizontal, Multiple configuration | Pass |
| TC_030 | Letter + Portrait + Vertical + One | Upload images, select Letter, Portrait, Vertical, One, click Create PDF | PDF generated with Letter, Portrait, Vertical, One configuration | PDF generated with Letter, Portrait, Vertical, One configuration | Pass |
| TC_031 | Letter + Portrait + Vertical + Multiple | Upload images, select Letter, Portrait, Vertical, Multiple, click Create PDF | PDF generated with Letter, Portrait, Vertical, Multiple configuration | PDF generated with Letter, Portrait, Vertical, Multiple configuration | Pass |
| TC_032 | Letter + Portrait + Horizontal + One | Upload images, select Letter, Portrait, Horizontal, One, click Create PDF | PDF generated with Letter, Portrait, Horizontal, One configuration | PDF generated with Letter, Portrait, Horizontal, One configuration | Pass |

| | | | | | |
|---|---|---|---|---|---|
| TC_033 | Letter + Portrait + Horizontal + Multiple | Upload images, select Letter, Portrait, Horizontal, Multiple, click Create PDF | PDF generated with Letter, Portrait, Horizontal, Multiple configuration | PDF generated with Letter, Portrait, Horizontal, Multiple configuration | Pass |
| TC_034 | Letter + Landscape + Vertical + Multiple | Upload images, select Letter, Landscape, Vertical, Multiple, click Create PDF | PDF generated with Letter, Landscape, Vertical, Multiple configuration | PDF generated with Letter, Landscape, Vertical, Multiple configuration | Pass |
| TC_035 | Letter + Landscape + Vertical + One | Upload images, select Letter, Landscape, Vertical, One, click Create PDF | PDF generated with Letter, Landscape, Vertical, One configuration | PDF generated with Letter, Landscape, Vertical, One configuration | Pass |
| TC_036 | Letter + Landscape + Horizontal + One | Upload images, select Letter, Landscape, Horizontal, One, click Create PDF | PDF generated with Letter, Landscape, Horizontal, One configuration | PDF generated with Letter, Landscape, Horizontal, One configuration | Pass |
| TC_037 | Letter + Landscape + Horizontal + Multiple | Upload images, select Letter, Landscape, Horizontal, Multiple, click Create PDF | PDF generated with Letter, Landscape, Horizontal, Multiple configuration | PDF generated with Letter, Landscape, Horizontal, Multiple configuration | Pass |
| TC_038 | Upload corrupted image | Upload corrupted file | Error / failed to preview | Allowed to uploaded | Fail |
| TC_039 | Upload unsupported file type | Upload PPTX | Error message displayed | Allow to drag and drop but not allow to select image and doesn't show the error message | Fail |
| TC_040 | Upload then refresh | Upload images → Refresh | Images cleared | Images cleared | Pass |
| TC_041 | Long file name | Upload file with 25+ chars | Should not break layout | Allowed to upload | Pass |
| TC_042 | Responsive UI | Resize browser | Layout adjusts | Not responsive UI | Fail |

| | | | | | |
|---|---|---|---|---|---|
| TC_043 | Button alignment | Check all buttons | Buttons properly aligned | Buttons properly aligned | Pass |
| TC_044 | Drag area visibility | Page load | Drop area visible | Drop area visible | Pass |
| TC_045 | Error messages readability | Cause error | Messages readable | Not readable | Fail |

PDF to Word Component manual Testing

| ID | Scenario | Steps | Expected Result | Actual Result | Status |
|---|---|---|---|---|---|
| TC_01 | Upload valid PDF | Click Select PDF and upload valid file | File uploaded and generate the word file | File uploaded and generate the word file | Pass |
| TC_02 | Drag drop upload | Drag PDF to drop area | File uploaded | File Uploded | Pass |
| TC_03 | Upload multiple PDFs | Upload more than one file | Files uploaded | Can't upload the files | Fail |
| TC_04 | Upload non-PDF | Upload png | Error displayed | Error displayed | Pass |
| TC_05 | Upload >20MB | Upload large file | Error message shown and disabled the convert button | Convert button is enable but after clicking the convert button show the error message but not the meaningfull | Fail |
| TC_06 | Convert with images | Upload PDF with images | Images retained | Images retained | Pass |
| TC_07 | Convert with table | Upload table PDF | Table preserved | Table preserved | Pass |
| TC_08 | Responsive test | Resize browser | UI adjusts | UI adjusts but gap is there | Fail |
| TC_09 | No upload converts | Click convert empty | Convert button is disabled | Convert button is not shown | Pass |
| TC_10 | Verify file size displayed | Upload the file and check the file size | Show the correct file size | Show the correct file sixe in KB | Pass |
| TC_11 | Verify file name matches uploaded file | Upload the pdf file and click the convert | Downloaded file show the correct file name | Downloaded file show the correct file name | Pass |
| TC_12 | Click convert multiple times | Upload the file and click convert button 2 times | Not allowed to click the button when already processing | Once click the convert button that change converting | Pass |
| TC_13 | Button alignment correct | Check all buttons | Buttons properly aligned | Buttons properly aligned | Pass |
| TC_14 | Conversion time for large PDF (>20MB) | PDF → Word page, start timing after conversion | File uploads successfully Conversion starts without | Same as expected | Pass |

| | | | | | |
|---|---|---|---|---|---|
| | | begins, and stop when the Word file download starts. | UI freeze Conversion completes within acceptable time (e.g., < 30–60 seconds depending on size) Error message shown | | |
| TC_15 | Compatibility Testing | Open the Web page in different browser (Google Chrome and edge) | Page loads correctly in all browsers Upload button works in all browsers Drag & drop works Conversion works without errors Downloaded Word file opens correctly UI layout remains consistent across browsers | Same as expected | Pass |
| TC_16 | UI Testing | Observe the upload section message. Check whether supported formats clearly Verify the message is readable and visible near the upload area | Supported file format message is clearly displayed, readable, and helps users understand allowed file types, confirming the UI is user-friendly. | Supported file format message is clearly displayed, but wrong information | Fail |

Word to PDF Component manual Testing

| Test Case ID | Test Scenario | Steps | Expected Result | Actual Results | Status |
|---|---|---|---|---|---|
| TC_0001 | Upload valid .docx file and generate pdf | Click Select Word → Choose valid .docx file and click the convert button | File uploads successfully and generate the pdf | File uploads successfully and generate the pdf | Pass |
| TC_0002 | Drag & drop file | Drag valid .docx into drop area | File uploads successfully | File uploads successfully | Pass |
| TC_0003 | Upload unsupported file | Select .png or .pdf file | Error message displayed when try to upload the file | When click the Drag and drop that time allowed to upload when click the convert that time show the error message but not show the unsupported file when click the “select file” | Fail |
| TC_0004 | Upload empty file | Upload 0 KB file | Validation error shown | Generate the pdf | Fail |
| TC_0005 | File size exceeds limit | Upload file > 20MB | Error: file too large | Convert button is enable but after clicking the convert button show the error message but not the meaningfull | Fail |
| TC_0006 | Drag multiple files | Drag multiple files | Only one accepted | Only one accepted | Pass |
| TC_0007 | Cancel file selection | Click Select → Cancel dialog | No file selected | No file selected | Pass |
| TC_0008 | Refresh during upload | Upload file → Refresh page | Upload resets or handled properly | Upload resets or handled properly | Pass |

| | | | | | |
|---|---|---|---|---|---|
| TC_0009 | PDF content accuracy | Convert file with text/images | Output matches input | Output matches input | Pass |
| TC_0010 | Formatting preservation | Convert styled document | Fonts/tables/images preserved | Fonts/tables/images preserved | Pass |
| TC_0011 | Multi-page document | Upload multi-page doc | All pages converted | All pages converted | Pass |
| TC_0012 | Long filename | Upload very long filename | System handles properly | System handles properly | Pass |
| TC_0013 | Browser compatibility | Test in Chrome/Edge | Works consistently | Works consistently | Pass |
| TC_0014 | Mobile responsiveness | Open on mobile device | UI adapts correctly | No responsiveness | Fail |
| TC_0015 | Keyboard navigation | Use enter keys | Navigation works for select file | Navigation works for select file | Pass |
| TC_0016 | Multiple uploads stress | Upload repeatedly | No crash, stable performance | No crash, stable performance | Pass |
| TC_0017 | UI Testing | Observe the upload section message. Check whether supported formats clearly Verify the message is readable and visible near the upload area | Supported file format message is clearly displayed, readable, and helps users understand allowed file types, confirming the UI is user-friendly. | Supported file format message is clearly displayed, but wrong information | Fail |
| TC_0018 | Verify file name matches uploaded file | Upload the pdf file and click the convert | Downloaded file show the correct file name | Downloaded file show the correct file name | Pass |
| TC_0019 | Upload then refresh | Upload word file → Refresh | File cleared | File cleared | Pass |

Faculty of Computing
RESEARCH PROJECT PERIODIC LOG ENTRY FORM

| | |
|---|---|
| PROJECT ID | 25-26J-240 |
| STUDENT ID | IT22322526 |
| NAME | NIRUTHTHIKA E |
| INDIVIDUAL COMPOENENT | Law recommendation system fir users specially focus on labour and employment law |
| SPEACIALIZATION | Information Technology |
| SUPERVISOR NAME | Dr. Prasanna Sumathipala |

| Summary of RP work carried out during the reporting period | |
|---|---|
| DATE | RP WORK |
| 15.02.2026-20.02.2026 | Deploy Ollama with Qwen 8B quantized model on AWS EC2 (CPU-based environment without GPU). |
| 21.02.2026-24.02.2026 | Refactor monolithic architecture into microservices. |
| 25.02.2026-28.02.2026 | 28.02.2026 Offload model inference to Modal.com using free $500 credits. |

SUPERVISOR COMMENTS

Student Progressing Well in research Project: YES / NO

If NO :
Project work to be carried Out before next evaluation Period :
